Ozonéo

Solutions for your campsite

Water, energy and access

Five years supporting campsites with residential pitches and holiday rentals.

France, Belgium, Italy and Spain

Ozonéo

WATER

R-cup’O

From shower to toilet

Reuse shower water to flush toilets and reduce drinking water use in your mobile homes.

Ozonéo

WINTERISATION

Ozon’Box

Prepare for winter

Automatically drain your mobile homes’ water systems at the end of the season.

Ozonéo

WATER

Eco Eau

Track water use

Monitor water consumption in your mobile homes and spot unusual increases.

Ozonéo

WATER

Eco Douche

Set shower times

Set how long the water runs in each shower in your shared facilities.

Ozonéo

ENERGY

Eco Chauff

Control heating

Adjust the heating in your mobile homes to manage electricity use.

Ozonéo

ENERGY

Eco Clim

Set cooling limits

Limit the temperature settings on your mobile homes' air conditioners.

Ozonéo

ENERGY

Eco Elec

Track electricity use

Measure electricity consumption across your campsite and see how it changes over the season.

Ozonéo

CHARGING

Eco Bornes

Manage EV charging

Control electric vehicle charging sessions at your campsite's charging points.

Ozonéo

ACCESS

Access control

Manage vehicle entry

Drivers tap their contactless pass at the campsite entrance to raise the barrier.
